- Please fully charge (around 5-hours) your PlatformNano air before first use.
- Veuillez charger complètement (environ 5 heures) votre PlatformNano Air avant la première utilisation.
- Bitte laden Sie Ihre PlatformNano Air vor dem ersten Gebrauch vollständig auf (ca. 5 Stunden).
- Si prega di caricare completamente (circa 5 ore) il PlatformNano Air prima del primo utilizzo.
- Cargue completamente (alrededor de 5 horas) su PlatformNano Air antes del primer uso.
- 初めて使用する前に、PlatformNano Air をフル充電 (約 5 時間) してください。

Charging the battery

There are four LED battery level indications.

- Puede cargar la batería conectando:
 - El conector USB 3.0
Mientras usa el dispositivo conectado con un cable USB3.0 a su Mac/PC, la batería se está cargando simultáneamente.
 - Conector mini-USB
Cuando utiliza el dispositivo de forma inalámbrica, puede cargar la batería conectando una fuente de alimentación, como un adaptador de corriente para teléfono móvil o una fuente de alimentación, a este puerto.

- You may charge the battery by connecting:
 - The USB 3.0 connector
While you are using the device by connecting it with USB3.0 cable to your Mac/PC, the battery is actually charging simultaneously.
 - The mini USB connector
When you are using the device wirelessly, you may charge the battery by connecting a power supply such as mobile phone power adapter or power pack to this port.
- Vous pouvez charger la batterie en branchant
 - Le connecteur USB 3.0
Pendant que vous utilisez l'appareil en le connectant à votre Mac/PC avec un câble USB3.0, la batterie se recharge simultanément.
 - Le connecteur mini-USB
Lorsque vous utilisez l'appareil sans fil, vous pouvez charger la batterie en connectant une alimentation électrique telle qu'un adaptateur de téléphone portable ou un bloc d'alimentation à ce port.
- Sie können den Akku über die folgende Anschlüsse aufladen:
 - USB-3.0-Anschluss
Wenn das Gerät während des Betriebs mit einem USB-3.0-Kabel mit Ihrem Mac/PC verbunden ist, wird gleichzeitig der Akku aufgeladen.
 - Le connecteur mini-USB
Wenn Sie das Gerät drahtlos verwenden, können Sie den Akku laden, indem Sie hier eine Stromversorgung wie zum Beispiel ein Handy-Ladeteil oder eine Powerbank anschließen.
- È possibile ricaricare la batteria collegando:
 - Il connettore con USB 3.0
La batteria si ricarica mentre si utilizza il dispositivo collegandolo con il cavo USB 3.0 al Mac o al PC.
 - Il connettore con mini USB
Quando si utilizza il dispositivo in modalità senza fili, è possibile ricaricare la batteria collegando questa porta all'alimentazione elettrica mediante l'uso dell'adattatore di potenza del telefono cellulare, ad esempio, o di un power pack.
- バッテリーを充電するには以下のいずれかを接続してください:
 - The USB 3.0 connector
USB3.0 ケーブルで本器と Mac/PC を接続している場合、同時にバッテリーが充電されます。
 - ミニ USB コネクター
本器をワイヤレス接続している場合、このポートに、スマートフォンの充電アダプターまたは電源パックなどの外部電源を接続してバッテリーを充電することができます。
